Subject: Letter regarding the EPA - Presto-X Notice

Hey Sherrie,

I know that you are out of the office this week and hopefully this will catch you when you get back on Friday. I know we talked and you stated that the letter would for sure go out on next Monday. I wanted to give you some notice that our attorney Lynn Boak will be filing a supeona for the information that you have that is current - the letter, I believe. We are getting ready to do a status update for the last of the hearings for Workers' Compensation. She believes this information will be instrumental.

Again, we cannot express our sincere appreciation for your dedication to finish this to the end and to investigate this exposure on our behalf. I hope your week was productive and that you are doing well!

Thanks again,

Ex. 6 PP / Ex. 7(C)
